## Fact —OR— Favor

WHICH of these governs your buying? Do you buy where you get the best goods, pay the least money for them and receive the best attention, or do you buy at a certain store simply because you are in the habit of so doing? If the latter, is it not time for you to change to the best store—

McClure's

### Best Goods.

For thirty-five years we have had a reputation for selling only reliable goods. You could not buy trash in this store if you wanted to—we simply will not handle it. When you take any article away from this store it must give you satisfaction—our reputation is behind this guarantee. Is not this worth something to you?

### The Least Money.

We buy for cash, and in large quantities. And these two things always purchase cheaper than time and small quantities. So we claim that we are in a position to give you better goods for the same money and that we are not only in a position to do this but that we do it. Is not this worth something to you?

**R. K. McCLURE & SON**

212-214 ST. CLAIR ST.

FRANKFORT, KY.

### Best Attention.

No house in Frankfort ever had such a force of competent salesmen as we. No matter what you wish you are waited on by a salesman who knows and who is acting under positive instruction from us to let nothing go out from this store that is not fully up to our standard in both fit and style as well as quality. Is not this worth something to you?

So if it is  
Clothing or Shoes  
you want, or these facts  
tell you that you want them  
from us?

### UNFORTUNATE ACCIDENTAL SHOOTING.

On Sunday last two lads at the home of Mr. Scott Hampton, who lives near the mouth of Elkhorn, were fooling with a pistol, when Hampton leveled the gun at Andrew Hampton, saying at the time "I'm going to kill you," not dreaming that the gun was loaded, when it exploded, shooting Andrew through the liver, kidneys and spleen.

The accident happened about 1 o'clock p. m. Dr. Alex. C. Hensley, of this city, was summoned to the assistance of the wounded lad, and, after careful examination, pronounced the wound mortal.

The wounded lad was about 10 years of age, and the one who did the shooting about 12 years old. The little fellow is nearly wild with grief and fear. The weapon used was a .38 caliber revolver.

Another instance of "didn't know it was loaded."

### WON OUT.

The Frankfort Base Ball Club vanquished the Louisville Stars, on Sunday afternoon, by the score of 10 to 2. There was a big crowd out.

### NEW COAL CO.

The Frankfort Coal, Fuel and Feed Co. (J. B. Utterback, H. R. Currens and L. G. Currens, Incorporators), has been formed and filed articles of incorporation in the county clerk's office on Monday.

"It was almost a miracle. Burdock Blood Bitters cured me of a terrible breaking out all over the body. I am very grateful," Miss Julia Filbridge, West Cornett, Conn.

### A BEAUTIFUL PLACE.

We visited the Frankfort Cemetery, on Sunday last, and were surprised to see how splendidly the grass has recuperated from the effects of the drouth. Everything looked as green and fresh as spring-time. That beautiful city of the dead is in fine trim and reflects credit upon the careful management of Mr. Henry M. Craik, the efficient superintendent.

There is no prettier cemetery in the State, Cave Hill, not excepted.

### DEMOCRATIC HEADQUARTERS.

The Democratic Campaign Committee have opened headquarters in the office of County Judge J. H. Polsgrove, and are open night and day.

### BEAUTIFUL COMPLEXIONS.

Are spoiled by using any kind of preparation that fills the pores of the skin. The best way to secure a clear complexion, free from sallowness, pimples, blotches, etc., is to keep the liver in good order. An occasional dose of Herbine will cleanse the bowels, regulate the liver, and so establish a clear, healthy complexion. 50c at Paul B. Weitzel's.

### OPENED HEADQUARTERS.

The Republican Campaign Committee of this county have opened headquarters in the Todd building, at the St. Clair street bridge, and request their friends to call at any time. The headquarters will be open both day and night.

### RETURNED FROM CAMP YOUNG.

Companies A and E, Kentucky National Guards, of this city, Capt. F. L. Gordon and Capt. W. C. Lutkenber commanding, who have been at Camp Young, for the last two weeks, returned home on Sunday morning last at 1 o'clock, on a special train.

The boys had a taste of real campaign work and now know more about real soldier life than they would have acquired in years of service in ordinary State encampments. They were up against the real thing.

The great number of dyspeptics is increasing daily. This is due to hurried eating and lack of care in selecting proper food.

There is nothing more effective to the run-down digestive organs than pure pepin, and while pepin alone corrects the overworked digestive organs, a tonic, such as pure port wine, is also necessary to keep them in this condition. Watlier's Peptonized Port, to be found in all drug stores, combines in exact proportions the purest pepin and the best port wine. It is highly recommended by thoughtful physicians. For sale by J. W. Gayle, Frankfort, Ky. Small size 50 cents, large size \$1.00.

### SPLENDID SPECIMEN.

On Saturday last Mr. Fred Suterlin, of the Frankfort Ice Co., took up and carried to the greenhouse of Mr. Ed. Powers, one of the finest specimens of the banana tree it has ever been our fortune to see. It is two years old and measured, to the top of the highest leaf, about fifteen feet. It was about six feet in circumference at the base.

### MEETING OF EBENEZER PRESBYTERY.

The Ebenezer Presbytery of the Presbyterian Church, of which the First Presbyterian Church of this city is a member, held its fall meeting in this city on Monday last, adjourning at a late hour in order to permit the members of that body to attend the Synod at Hopkinsville on Tuesday afternoon. The following ministers were in attendance: Rev. W. C. Condit, D. D., of Ashland; Rev. Dr. J. J. Blackburn, of Covington; Rev. J. P. Whitehead, of Newport; Rev. H. P. Cory, of Falmouth; Rev. J. N. Ervin, of Dayton; Rev. F. Fithson, of Paris; Rev. R. O. Kirkwood, D. D., of Lexington; Rev. G. A. Joplin, of Mt. Sterling, and Rev. J. McCluskey Rhayney, D. D., of this city.

Much important business was transacted and the reports showed a gratifying advance along all lines of evangelical work.

### POWERS AND HOWARD TAKEN TO LOUISVILLE.

On Wednesday morning, at 11:20 o'clock, Messrs. Caleb Powers and Jas. B. Howard, under sentence for assaulting Senator Win. Goebel, were brought here and lodged in jail to await the 3:30 p. m. train, and were then taken to Louisville and placed in jail to await the action of the Court of Appeals.

Why they were not taken straight through to Louisville over the Louisville Southern road is a question that has been asked.

### WEDNESDAY'S BLAZE.

At 11:10 on Wednesday morning an alarm from box 123 called the firemen to the residence of Judge Ed. C. O'Hear, corner of Fourth Avenue and Main streets. South Side where there was a blaze in the detached laundry room. The building, which was frame, was gutted, but the damage was small.

.. DEATHS ..

ROBSON — In LaGrange, Oct. 12th, 1903, Mr. Joseph Clark Robson, in the 76th year of his age. He was a native of Franklin county, having been born in the city of Frankfort and lived in Franklin county and Frankfort until a few years ago, when he sold his farm near South Benson and removed to LaGrange. As a young man he was the friend and companion of Senator Vest, of Missouri, both young men serving their apprenticeships at the carpenter's trade together. Among various buildings they worked upon, one was the Kentucky Military Institute when first erected. Mr. Vest's father being the contractor. Until death the Senator had no more ardent admirer in his adopted State than was Joe Robson.

He married the daughter of the late James Millan (the widow of Allison Lynn, sheriff under the old Constitution previous to 1852, after which sheriffs were elected by the people). His widow and five children survive him.

Mr. Robson was a man of remarkable versatility, a great reader and possessed of a remarkable memory. Was probably more conversant with the political history of the State and Nation and familiar with the chronology of the country and the biography and personal history of its political celebrities for the past sixty years, than any man in Kentucky. He was true to his obligations in all relations of life—a devoted and loving friend—no act of kindness was ever shown him which he forgot. Neither was any opportunity to show one to another neglected. He was a member of the Presbyterian Church, and died in the hope and assurance of the Christian religion, expressing his willingness to depart and be at rest from the torturing agonies of lingering chronic rheumatism—that most painful, hopeless and protracted illness. Another old citizen is gone. So few of his early associates left. All shall have joined him and passed over the river to "rest under the shade of the trees."

SULLIVAN—The infant child of Mr. Jas. A. Sullivan and wife died on Monday morning, aged only a few days.

Deep sympathy is felt for the bereaved ones.

HARPER—At the home of her parents at the Forks of Elkhorn, on Monday, Miss Fannie Harper, daughter of Mr. Jacob Harper and wife, aged 14 years, of consumption.

She was a lovely and sweet young girl, just budding into womanhood. Sincere sympathy is felt for the bereaved ones.

SULLIVAN—In this city, on Saturday morning, to Mr. J. A. Sullivan and wife—a daughter.

BUSH—On High View, to Mr. Lee Bush and wife—a son.

"IT GOES RIGHT TO THE SPOT"

When pain or irritation exists on any part of the body, the application of Ballard's Snow Liniment will give prompt relief. "It goes right to the spot," said an old man who was rubbing it in, to cure his rheumatism. C. R. Smith, Proprietor, Smith House, Tomba, Texas, writes: "I have used Ballard's Snow Liniment in my family for several years, and have found it to be a fine remedy, for all aches and pains, and I recommend it for pains in the throat and chest."

Entered at the postoffice at Frankfort, Kentucky, as second-class matter.

GEO. A. LEWIS, Editor and Pub.

FRANKFORT, OCT. 17, 1903.

HON. JOHN W. YERKES.

The Republicans of this city and county will hold a rally at the Opera House, in this city, on Tuesday afternoon next, October 20th, at 2 o'clock. Hon. John W. Yerkes, of Washington City, will be the speaker of the day. He is an eloquent and pleasing orator. He indulges in no abuse of any one. Everybody is invited to hear him. He should have a big audience.

### STAMPING GROUND.

Mr. J. Willis Calvert, son of Mr. W. O. Calvert, is quite ill with pneumonia.

Mr. Quincy Whitton, of Rushville, Ind., is visiting relatives here.

Mr. Davidson, of St. Louis, Mo., is visiting his patients in our town.

The citizens of our town have nominated the following gentlemen as candidates for town trustees, to be elected next month: W. H. Oldham, J. L. Hays, J. L. Johnson, J. C. Hambrick and Ben Oldham.

The drought has at last been effectively broken. The heavy rains have softened the ground and thoroughly saturated it. The small grain has about all been sown. The grass is getting as green as spring time. A few more days of warm weather will make fine fall pasturage.

The Ladies Aid Society of the Baptist Church have done a vast amount of improving on the interior of their church—new pews, new carpet, wood work painted white and ceiling papered. They will put in another stove and their work will be done.

### THE TAMING OF THE SHREW.

Mr. Chas. B. Hanford and his superb company presented Shakespeare's delightful comedy, "The Taming of the Shrew," at the Johnstown Opera House last night and scored one of the most notable triumphs of the present theatrical season. The audience was a large one and it was thoroughly appreciative of the marked cleverness with which Mr. Hanford portrayed the character of Petruchio and the capable manner in which Miss Marie Drosch carried the difficult role of Katherine, the shrew. There were half a dozen or more most enthusiastic curtain calls and these served to show that the audience was quick to note the distinct merit of the production. Mr. Hanford, who has appeared frequently in this city in other high class plays, was never seen to better advantage. There was snap and ginger and consummate skill displayed in every moment of his time. Miss Drosch not only played her part strongly and intelligently, but she looked it and she justly shared the fine honors which the audience voted. Caryl Gillin, as Grumio, Petruchio's serving man, was decidedly entertaining, his lines being carried capably and his splendid work found full appreciation. The whole cast was good and the details in costuming were carried out faithfully. "The Taming of the Shrew" was preceded by the presentation of a one-act piece, entitled "The Old Guard," in which Mr. Hanford was given an opportunity to display his rare versatility as an actor.

### A WOMAN'S COMPLEXION.

It is rank foolishness to attempt to remove sallowness or greyness of the skin by the use of cosmetics or "beaut" treatment, as advocated by the "cheap" doctors. The only safe and sure way that a woman can improve her complexion is by purifying and carrying the blood, which can only be accomplished by keeping the liver healthy and active. The liver is the seat of disease and blood poisoning. Green's August Flower acts directly on the liver, cleanses and enriches the blood, purifies the complexion. It also cures constipation, biliousness, indigestion and induces refreshing sleep. A single bottle of August Flower has been known to cure the most pronounced and distressing cases of dyspepsia and indigestion. New trial size bottles, 25 cents; regular size, 50 cents. ## BANKERS OF KENTUCKY.

Invited by Exhibit Association to Hold the 1904 Meeting at Kentucky Building on World's Fair Grounds.

During the eleventh annual meeting of the Kentucky Bankers' Association, held at Hopkinsville last week, an invitation was extended to the organization by the Kentucky Exhibit Association, through its Secretary, to hold the meeting next year in the Kentucky State Building at the World's Fair in St. Louis.

As the next place of meeting is always settled by the executive committee the invitation was referred to it. The sentiment of the bankers present favored the acceptance of the invitation by the committee, so the next meeting of Kentucky's heads of financial institutions will most likely be held at the exposition grounds in the Mound City.

The Kentucky Bankers' Association was the first organization in the State to endorse the movement inaugurated by the Kentucky Exhibit Association, looking to the erection of a Kentucky Building and full display of the State's products and resources at the great World's Fair in 1904. The resolution adopted then provided for the appointment of a committee to help raise the fund for the purpose. The report of the work done by the committee during the year was made by the Secretary of the Exhibit Association at the Hopkinsville meeting. It showed that fifty banks and trust companies have already subscribed the amounts ranging from \$15 to \$500, according to the capitalization of the institution. The total so far received from the bankers was reported at \$14,000, so it may be said that a large part of the Kentucky Building at the Louisiana Purchase Exposition is "Part Thine."

At the conclusion of the report, all bankers present who represented concerns who had not contributed to the fund were asked to take up the matter immediately upon their return home with their board of directors. It is believed that before the subscription list of the Exhibit Association closes at least \$2,000 more will be contributed by banks and trust companies not in the list at this time.

The railroad rates in effect during the World's Fair will be so low from Kentucky points that the trip can be made cheaper to St. Louis than to any city or town in the State where the 1904 meeting might be held. The visit to St. Louis will also have many inducements to offer, for everyone wants to see the exposition. There is hardly any doubt about the attendance being the largest in the history of the Association on this occasion.

Official World's Fair photographers appointed since the last report by the Kentucky Exhibit Association are as follows: Nicholas county—E. R. Martin, Carlisle; Mangrove county—W. S. Flint, Saltersville; Boyle and Garrard counties—E. H. Fox, Danville; Madison county—C. L. Baker, Barlow; Bartholomew county—John J. Coyle, Owensville; Hart county—J. M. Joyce, Booneville.

## Dr. Miles' Nervine

Grasp of Grip Prostrated Me.  
Dr. Miles' Nervine Built Up My Shattered Nerves and Gave Me an Appetite.

Of the millions of people, who today suffer from nervous or heart weakness, a large percentage trace the cause directly to deadly LaGrippe. It is a germ disease, and makes a direct attack upon the nerves, putting an extra strain upon them at the time their vitality is at the lowest ebb. If LaGrippe has left you with a shattered nervous system, with loss of appetite, lack of energy, insomnia, frequent headaches and morbid tendencies, you should strengthen the weakened nerves with Dr. Miles' Nervine. It will undo all that grip has done, bring back appetite, rest and restore the nerves to their normal activity.

"I want to write this testimonial for the benefit of those who have suffered from that dreaded disease—LaGrippe. I suffered several weeks with it, and although I tried to benefit me in any way, shape or form (I suffered almost death, and finally my daughter recommended Dr. Miles' Nervine to me and I can truthfully say from the first day I felt better than in weeks. It gave me relief, built up my shattered nerves and gave me a splendid appetite. I cannot speak too highly of it, and I can say that every one who has suffered from LaGrippe will find instant relief by getting a bottle of Dr. Miles' Nervine. I am not having it and take no other. It is simply splendid. Hoping this will benefit some poor sufferer I remain,"

### BIG APPLES IN EXHIBIT.

The Kentucky Exhibit Association wants 150 barrels of apples, embracing every variety growing in Kentucky, to put in cold storage this fall and during the winter for the horticultural display to be made at the World's Fair in St. Louis next year. M. F. Johnson, of Fern Creek, field representative of the Agricultural and Horticultural committee of the Association, is now covering the state in the interest of these two departments, and among other things is securing these apples. He made the first shipment recently from Glendale of two barrels. The average weight of these apples was 204 ounces and the average measurement 15 inches in circumference. Mr. Johnson, who is President of the State Horticultural Society and knows whereof he speaks, pronounces this fruit the finest he has seen this year.

### POTTERY IN OPERATION.

Visitors to the Kentucky Mineral Exhibit in the Mines and Metallurgy building at the World's Fair in St. Louis next year will have the pleasure of seeing a miniature pottery in full operation. J. A. Bauer, of Paducah, who operates a large pottery at which is made white earthenware, jars, jugs, etc., has applied to the Kentucky Exhibit Association for space in the clay exhibit to place a man and jig to turn out jugs and other wares throughout the exposition. He promises to send a skilled man who can make his work both attractive and entertaining. Mr. Bauer uses three clays from McCracken county and some from the Cooley mine in Graves county.

### PICTURES OF EVERYTHING.

Nothing at the Exposition attracts and holds the eye of the visitor more than photographs, and the Kentucky Exhibit Association, which is to erect the Kentucky Building and full display of the State's products and resources at the World's Fair in St. Louis next year, has lost no time in carrying into effect plans that grew out of a recognition of this fact. It has appointed an official photographer in every county in the state to secure for the Kentucky Building and various exhibits to be made in the large palaces of the Exposition, pictures of everything noteworthy and of interest. It is to give credit to every photographer on every picture furnished by himself.

## LATEST FASHION NOTES.

### Long Coat of Black Taffeta.

This long coat of black taffeta is lined to the waist with white taffeta, and unlined from the waist down. The three capes are unlined and are most effectively stitched with white Corticelli stitching silk. The front can be left fly open or closed, giving the garment a semi-tight appearance. A handsome finish is given to the fronts which are faced with four inch bands of taffeta covered with cream tinted lace. A cord and tassel tied in a knot finishes the neck, which has a standing collar which slopes down at the front.

Capes on long coats are very smart just now, double and often triple capes appearing just below the velvet collar. These coats are very carefully fitted about the shoulders although for the rest they seem somewhat shapeless. The capes are often faced with silk, sometimes white with black dots and sometimes a solid color with white dots. These coats are often of white, or of tan, or of dark blue, and are very useful as well as smart.

Those symptoms may be followed by violent headache, high fever, extreme nervousness, a condition known as malaria. Herbine cures it. ## THE OCTOBER CRITERION

A St. Louis Exposition Number.

The October Criterion is a special World's Fair number and is devoted chiefly to entertaining articles, completely illustrated, which treat of the vast scope of the St. Louis Exposition. The President of the Exposition, Hon. David B. Francis, gives a brief survey of the field from the executive point of view, and the most important phases of the different departments are discussed authoritatively by men and women in close touch with them. St. Louis: Its Relation to the Exposition. By William Llewellyn Saunders, Secretary to the Business Men's League, is a most interesting contribution. In addition to these special features, there are many pertinent and helpful suggestions as to the best means of travel, lodgment in St. Louis, how to see the Fair with a view to economy of strength as well as of purse, and on other practical matters. Portraits of the leading Officials, Buildings and Sculpture, render this issue most attractive and valuable.

Aside from the purely Expositonal features, there are a goodly number of excellent short stories and poems by familiar authors, and the usual quota of current book reviews. The cover, a handsome design in colors, symbolic of Progress, is drawn by John Cecil Clay. THE CRITERION PUBLICATION CO., 156 Fifth Ave., New York City. One Dollar a Year, 10 Cents a Copy. For Sale by all Newsdealers.

### "THE FOUR COHANS."

The Four Cohans' everlasting musical comedy success, "The Governor's Son," by George M. Cohan, under the direction of Mr. Fred Niblo, will be seen at Capital Theatre Friday, Oct. 23d. Few musical comedies have ever made a better impression than "The Governor's Son," and it is doubtful if the comedy now has an equal on the boards. As far as fun and music is concerned, it can not be outdone. It is one continuous laugh-dotted with the brightest and most tuneful of musical gems. The intermissions between the acts serve as restorative of your breathing capacity. The special cast engaged is very strong and includes some bright lights of the musical comedy stage. The chorus can be praised as long as you desire and not be overdone. The girls can sing and dance, and are pretty and perfectly drilled. The scenery is very grand and the costumes and gowns magnificent.

## HARVIELAND.

This place seems itself once more. Fighting has about ceased and you can see the boys out with their dogs and guns and hear them shooting in all directions, hallooing "here he goes here, sick him, catch him, why don't you shoot him," and the old sorghum mills screeching as though there was not any snip in the country to grease them, but we've all got lasses.

We are glad to see that Mr. John Suter is paying his best respects to our turnpikes once more, for we would soon have had them put in the lost, strayed or stolen column.

Mr. Levy Scott and wife, of Eminence, are spending a few days with friends and relatives at this place.

Mrs. Albus Polsgrove and Mrs. Charles McQueen are spending a few days with friends on Stoney Creek.

Mr. John Duvall, of Bethel, is spending a few days with his cousin Mr. John Duvall, of this place, who has been quite ill for some time.

Mrs. J. B. Hamilton and son, of Bridgeport, spent a few days with her sister, Mrs. M. P. Marshall, recently.

Mr. ———— Waits and wife spent Sunday last with Mr. Dudley Pulliam and wife.

Mr. Dudley Pulliam is moving to Frankfort. So our loss is others' gain.

Mr. M. F. Semones, while searching for gold, was so unfortunate as to fall over a log and fracture several ribs.

The Methodists are holding a protracted meeting at the Harvieland Church, and it is largely attended. There is much good being done.

### "THE TWO JOHNS."

A great deal of interest has been shown by our theatre-goers in the coming of J. C. Stewart's merry musical farce, "The Two Johns," to the Capital Theatre on next Monday night, Oct. 19th.

In this day of so many melodramas, it is a relief to go and see a good clean comedy. It has not been seen here for a long while, but it is well remembered by those who have seen it. Judging from the cast a good company has been engaged to present same, and if the musical numbers are as good as the management claim, it should be a most desirable evening's entertainment. The company includes such well known laugh-provokers as Edward Bradley, Bert Cannon, Harry J. Kooper, Chas. A. Boyd, Herman Steinman, Roger and Belle Dolan, Frankie Trumbo, Edna Burnett, Kalla Keller, Irene Carlisle and many others.

## FOR SALE.

It contains exactly the same elements as Nature's digestive fluids and can't help but produce the same results.—David Taylor, Blind Ridge, Pa., writes:—"I have been afflicted for a number of years with dyspepsia and have tried various remedies without good results but was cured by one bottle of Kodol Dyspepsia Cure. "THE TWO JOHNS."

On next Monday, October 19, at the Capital Theatre, we are to have a revival of that very funny musical farce, "The Two Johns," by J. C. Stewart. When first produced this comedy was one of the best and most successful on the road, and undoubtedly those who have seen it will want to see it again because it has always been clean and witty and not full of those vulgar situations that seem to predominate in the farces of to-day.

The different characters, from the two fat cousins down to the policeman, are all funny, and plenty of pretty girls to help in the singing and dancing.

This comedy has been continually presented for ten years in this country and has toured England and Europe for the past ten years, and now returns to us for another tour. There certainly must be merit in a play to have such a continuous run of prosperity.

**SPECIAL REGISTRATION DAYS.**

Under the State law there will be three days of next week in which those who have not registered can attend at the county court clerk's office and do so, provided they can show the following circumstances:

1st. That they were out of the city during the hours of registration on the regular day.

2d. That some member of their family was sick and required their attention.

3d. That there was a death in their families which prevented their attendance.

The special days will be Monday, Tuesday and Wednesday, Oct. 20th, 21st and 22nd. 6-2w.

**ANCIENT TORTURE**

**How it has Been Revived in Modern Times.**

An ancient method of poisoning criminals was to force them to swallow large quantities of bull's blood. Bull's blood is really no poison at all. Yet the prisoner usually died in agony. This was caused by the constant hardening of the bull's blood in the stomach. The pressure of this solid mass on the heart, lungs and other vital organs almost always resulted in death. That's just like indigestion. If your food doesn't digest it remains in a hard lump in the stomach. Gases are formed, which crowd and sometimes actually displace other organs. Many cases of supposed heart disease are due to indigestion. The pressure upon the lungs interferes with breathing. A disordered stomach affects the whole body.

By the use of such a preparation as Kodol Dyspepsia Cure all this trouble is removed. Before food can be assimilated into the system it must be reduced to proper condition by the digestive fluids. If any of these fluids are lacking, perfect digestion is impossible. Kodol Dyspepsia Cure supplies the missing fluids. Stomach troubles can't be cured by dieting. The system demands both a sufficiency and a variety of food. You can't get well or stay well without it. Kodol Dyspepsia Cure enables the stomach to take care of any kind of good food. It renders dieting unnecessary. It digests what you eat. In this way it rests the stomach. This rest restores the stomach to perfect health. Kodol Dyspepsia Cure helps the children too. Weak and sickly little ones thrive on it. It never fails.

During the last few years my stomach was in such condition that I couldn't retain the food I ate," writes Henry Williams of Bonville, Mo. "Two months ago I commenced taking Kodol Dyspepsia Cure. A few bottles have cured me entirely. I can now eat and enjoy anything I want."

**FINAL RESULT OF CANVASS FOR KING'S DAUGHTERS HOSPITAL.**

The canvassing of the city by the King's Daughters for the new hospital building fund has been completed.

The amount of money raised, since the new hospital movement was started, aggregated \$3,546.57. Out of this amount \$800 has been paid for a lot, leaving \$2,746.57 in the building fund. About \$3,000 remains to be raised, and it is hoped that, through contributions yet to be made, and from the proceeds of entertainment, the deficit will soon be met. Many people have not been heard from, but the following is a complete list of subscriptions received up to the present time. Further donations may be sent to Mrs. John W. **"TAMING OF THE SHREW."**

Shakespeare's plays have stood the test of centuries, and yet when comparisons are made among the efforts of the Master Playwright are judged to be much better than others. Among his lighter works it is the general opinion that "The Taming of the Shrew" is entitled to first position. This sparkling piece is almost the only one of Shakespeare's comedies with a regular plot and a down-right moral. It is full of bustle, animation and rapidity of action. Petruchio is a mad man in his senses, a very honest fellow who hardly speaks a word of truth and succeeds in all his tricks and impostures. The situation of poor Katherine worn out by his incessant persecutions becomes at last almost as pitiable as it is ludicrous. The learned critics say that Petruchio is a character which all husbands should study. Be that as it may, "The Taming of the Shrew" is undoubtedly viewed from many standpoints as a splendid object lesson in matrimony. The comedy should be read not only by those who have entered the bonds of wedlock, but also by those who contemplate taking that most important step. Charles B. Hanford, the well-known Shakespearean star, is presenting the play this season. He will appear as Petruchio, a role admirably suited to his talents. The shrewish Katherine will be portrayed by Miss Marie Brothman, an accomplished actress. Such a reconstruction of the various roles entrusted to her care has never been a source of delight to a host of friends.

At Capital Theatre Saturday, Oct. 17.

**STRONG TESTIMONY.**

This is Frankfort Testimony and Will stand investigation.

If you doubt the following and wish to investigate, you haven't to go to some other state in the Union to prove it. Its not a long story published in Frankfort newspapers about a resident in Kalamazoo, Mich., and it is in my hand. The trouble I am a resident of Frankfort and given in his own words. No stronger proof can be had.

J. V. Taylor, of 304 Madison St., carpenter by trade now retired, says: "For nigh on to thirty-five years was subject to pain and weakness in my back. The trouble I know came from my kidneys, especially from the left one, this being the most affected. Sometimes I could scarcely rise after kneeling or stooping, and often when walking sharp pains would take me in my left side so as to nearly cause me to fall. A weakness of the kidney secretions was very annoying, especially at night, and it disturbed my rest. For years at off-occurring intervals I took various medicines which all practically failed to give the promised and expected benefit. It is the recollection of these very facts which make me so appreciate the remedy which also afforded me a genuine and lasting benefit. I refer to Don's Kidney Pills which were procured by me at J. W. Gayle's drug store. They went right to the cause of the trouble and removed it. I will always recommend Don's Kidney Pills to my friends as a remedy that can be depended upon."

LATEST FASHION NOTES.

Charming Neglige of Peau De Soie.

Every woman appreciates a pretty negligee and nothing could be more charming than this creation of peau de soie, trimmed with heavy genuine lace in the new champagne tint. The front is monselline de soie, shirred over heavy cords at intervals. The neck is round, not very low. The fronts of the negligee are loose and fall away from the sides where they are tucked at the under arms seams. The plait in the back falls from the neck and is embellished with an elaborate design of lace. The sleeves are

finished with a cape-like face at the top and a full monselline de soie undersleeve ending in a deep cuff of peau de soie. The modes carried out in any of the champagne tints, white, or eiel or pale rose. The best material to use for such a garment is crepe de chine or peau de soie which combined with the use of Corticelli sewing silk will invariably result in a dainty little negligee.

Red is still a favorite color for hats, red tulle hats trimmed with poppies being quite the thing. A black tulle hat, worn well back on the head has for its principal trimming two very large spread white wings. A hat of fancy straw for young girls may be bound with velvet and have a large white pompon on one side. The turban is very popular, the brim often being covered with flowers and sometimes being left plain, or with a stiff wing on the side.

DO GOOD—IT PAYS.

A Chicago man has observed that, Good deeds are better than real estate deeds—some of the latter are worthless. Act kindly and gently, show sympathy and lend a helping hand. You can not possibly lose by it. Most men appreciate a kind word and encouragement more than substantial help. There are persons in this community who might truthfully say: "My good friend, cheer up." A few doses of Chamberlain's Cough Remedy will rid you of your cold, and there is no danger whatever from pneumonia when you use that medicine. It always cures. I know it, for it has helped me out many a time. Sold by all druggists.
